Phone: +54 9 3512877863

Córdoba, Argentina

PROFESSIONAL PROFILE

I am an advanced Systems Engineering student at the Universidad Católica de Córdoba. I am looking for opportunities to further develop my technical and professional skills, especially in software development and project management. I stand out for being self-taught, committed, proactive, and team-oriented. I have strong English skills and experience with modern programming languages and collaborative tools.

WORK EXPERIENCE

Software Developer Intern – Final Project - Polo 52 Industrial Park | 2025 - Present

Working as part of a team on the development of an AI-powered web platform to optimize the recruitment process. Tasks include requirements analysis, backend development using FastAPI, PostgreSQL database design, and deployment on AWS.

Customer Service Assistant - Escribanía Gabriela Olace | 2020-2023

Provided personalized customer service, handled documentation, managed schedules, drafted legal documents, and supported administrative operations.

EDUCATION

B.S. in Systems Engineering, Universidad Católica de Córdoba | 2021 – Present

High School Diploma, Colegio Bilingüe San Patricio, 2014-2019.

KEY SKILLS

- Languages & Tools: HTML5, CSS, ReactJS, JavaScript, Golang, C++, SQL, Git
- Frameworks & Technologies: FastAPI, PostgreSQL, Docker, AWS, MongoDB
- Languages:
 - Spanish: Native
 - English: Advanced (SAT Score: 1180)
 - Portuguese: Basic

INFORMACIÓN ADICIONAL

Currently working on my final university project in collaboration with an interdisciplinary team, focusing on innovative AI-based solutions. I'm especially interested in applying technology to human resources and process automation.
